---

OBJECTIVE

A highly motivated and dedicated web developer seeking a challenging position where I can utilize my technical skills, creativity, and passion for web development to contribute to the success of the organization.

TECHNICAL SKILLS

FRONTEND
Html · Css · Javascript React · Nextjs · Redux Zustand · TailwindCss

BACKEND
Nodejs · ExpressJs · Typescript, Prisma · Mongoose · Socket.io

DATABASE
postgreSQL · MongoDB

WORK EXPERIENCE

MARCH 2023 - MAY 2023

HEROCODECAMP | DHAKA, BANGLADESH

Full Stack Developer(Intern)

As a junior full-stack developer at HeroCodeCamp, I played a crucial role in developing a project similar to Fiverr. My responsibilities included extensive UI design, database implementation, and backend enhancement. I efficiently completed tasks within the internship period.

PROJECTS

project duration   **12 Oct - 2 Nov-2023**

PaintHut   **Live**   **Frontend**   **Backend**

TECHNOLOGIES: Nextjs · TypeScript · Nodejs · ExpressJs · Mongoose · MongoDB

Full-stack web application for booking painting services and ordering, with role-based authentication.

- implemented role-based authentication for both administrators and customers, each with their respective dashboards.
- Seamless user experience for service booking and order placement.
- Efficient cart management to simplify service selection and checkout.

project duration   **09 july - 05 Aug-2023**

NextGen   **Live**   **Frontend**   **Backend**

TECHNOLOGIES: ReactJs· TypeScript · TailwindCss · ExpressJs · Mongoose · MongoDB · socketIo

NextGen - A social media platform with user-friendly features, including follow, unfollow, like, comment, and post functionalities, along with robust authentication and authorization mechanisms.

- Fostered vibrant user interactions on NextGen with follow, unfollow, and like features.
- Ensured secure interactions by implementing robust authentication for user data protection.
- Enhanced user engagement on NextGen through real-time communication with Socket.IO.

project duration   **24 july - 10 Aug-2022**

Bits Computer   **Live**   **Frontend**   **Backend**

TECHNOLOGIES: ReactJs· TailwindCss · ExpressJs · Mongoose · MongoDB

developed a robust e-commerce platform for a leading tools manufacturer, facilitating seamless transactions and efficient management of computer hardware products.

- Orchestrated a dynamic dashboard, granting seamless control for transactions.
- Integrated Stripe, bolstering user satisfaction with secure and streamlined payments.
- Strengthened security with robust authentication, multi-factor, and role-based access.
